INTRODUCTION

Thank you for choosing Unique Properties as your home away from home while attending school. We strive to make your living experience as pleasant as possible. Please read and understand the following before signing the lease agreement:

ALL LEASES ARE JOINT & SEVERAL: this means that all persons on a signed lease are responsible for rents, damages, etc. in the apartment.

SIGNED LEASE: A signed lease is legal and binding; this means you are responsible for the term of the lease. If you cannot fulfill your lease obligations you have two options available:

(1) The remaining Lessee(s) on the lease agree, by signing a new lease with us, to pay your portion of the rent; you forfeit your deposit. (*Charleston Tenants*)

(2) You find someone else to take over your lease (sublessor*); you forfeit your deposit.

*A sublessor is someone who has not already made contact with Unique Homes; or Unique Homes has not made contact with the sublessor; and they meet all the requirements to lease an apartment with Unique Homes. Unique Homes Management reserves the right to deny a sublessor. Sublessors must be of the same gender as the current tenants living at on premises.

APARTMENTS ARE FIRST COME, FIRST SERVE.

ALL OCCUPANTS MUST BE PRESENT and all deposits must be paid at the time of lease signing.

LEASE GUARANTEE form must be completed, notarized and return to Unique Properties within 30 days from lease signing. The lease guarantor must be a parent or legal guardian. If you are unable to obtain a parent or legal guardian to be your Lease Guarantee Management at its discretion may or may not approve someone of your choosing. If you can not provide an acceptable Lease Guarantee before term beginning date Lessor will require a **mandatory \$750** refundable deposit for damages, charges, fees, fines and/or rents dependent upon Lessor's requirements to fulfill the lease due on or before term beginning date. Failure to provide a Lease Guarantee or the additional deposit **DOES NOT** void the signed lease. You are still responsible for payment of the lease agreement.

RENTAL APPLICATION needs to be completely filled out at the time of lease signing.

ROOMMATE PROFILE needs to be filled out accurately and honestly to ensure proper placement.

PHOTO ID is required of all tenants. (acceptable ID is Driver's License, State ID, or Passport)

FINANCIAL AID FORM is required of for all tenants using financial aid to defer rent

We are looking forward to a great year with you!
Please let us know if you have any questions!

GENERAL MAINTENANCE INSTRUCTIONS

Care of Your Apartment:

Management requires you to maintain a safe, sanitary, damage-free apartment. When decorating, use small nails do not use adhesive tape hangers, large nail holes or make excessive holes in the walls. Mirror tile, contact paper, etc., with adhesive backing ARE NOT PERMITTED to be applied to walls, ceilings, floor surfaces or cabinets. Interior painting can only be done by Maintenance/Management. Under no circumstances are tenants allowed to paint their apartment. Do not make any alterations in the apartment without prior written consent from Management.

Countertop Care:

Hot pans should not be placed directly on countertops. Use hot pads under pans. Always use a cutting board when cutting anything with a knife.

Refrigerator:

Wipe out with cleaning products when spills occur and on an occasional basis to prevent odor buildup. Check temperature setting dials if unit is not cold enough or is too cold. Allow 24 hours to regulate when new setting is used or if unit has been off. Do not overfill freezer area. **Use a bleach based cleaner upon move-out cleaning, this will prevent the refrigerator from growing mold and mildew as easily.** When the refrigerator bulbs burns out replace with appliance bulb only. A regular bulb can explode at anytime leaving glass in food.

Dishwasher:

Wipe off any soap buildup on door seal, this can cause leakage. NEVER use regular dish soap in unit – ONLY automatic dishwasher detergent. You will be charged \$30 for a maintenance call when a dishwasher leaks due to using regular dish soap instead of the correct type. Plastic items do not always dry thoroughly, this does not mean the unit is not working properly. If unit is not used at least once a week, run it though the “Rinse & Hold” cycle; this allows the motor to keep from locking up, due to lack of use.

Stove/Oven:

Wipe out chrome drip pans after each use of the burners. Keep oven spills wiped up and clean oven every few months (or more often with regular use). Be sure to follow oven cleaner directions when cleaning ovens. DO NOT use abrasive cleaners or scouring powders in oven. Clean exhaust hoods above stoves from time to time. If removable filters are provided, these can be cleaned or replaced.

Light Bulbs:

If the outside lights are out, please contact our office. Tenants replace of any light bulbs inside the apartment with the exception of fluorescent bulbs (Unique Homes replaces those).

Garbage Disposal:

Be sure to turn water on to a medium/high flow BEFORE turning on the disposal. With water running, turn the switch on, scrape food waste into the opening taking care not to put any utensils, hands or fingers into opening. Run unit for at least 30-60 seconds after food is ground and flushed through the trap and drain. It is recommended that hot water not be used for disposal. Cold water allows any fat to stay solid in order to be flushed easier in the unit. Continue to let water run until unit is shut off and comes to a complete stop. Baking soda may be poured inside the unit from time to time to keep odors from building up. Also, running a tray of ice through the unit once a week helps to keep the blades sharpened. NEVER put drain cleaner, glass, metal, bones, grease, cornhusks, seeds, or pits into the unit. NEVER put hands or fingers into the unit if it jams. In case of a jam, use a long wooden spoon as a probe or long handled tongs to remove an object. DO NOT use force. There is a red reset button under the unit that you can push if your unit is not starting. If this does not start the unit, call for maintenance. You will be charged \$30 if maintenance finds a foreign object such as glass, metal, fish rocks, coins, washcloths, etc. to be the problem.

Bathroom:

Nothing but waste and toilet paper should be put into the toilet. Less expensive toilet paper dissolves quicker. Tampon and tampon casings that claim to be flushable should NOT be flushed. Do not put paper towels, napkins, sanitary napkins or wet wipes down the stool. In case of slow flushing or a clog, please use the plunger provided to you. Maintenance fee of \$30.00 for a service call to unclog stool. Keep toilet lid closed when not in use, to avoid dropping things into it. If toilet will not quit running, lift tank lid and be sure flapper in tank has shut down; if not, put it down or try lightly jiggling the handle to allow it to fall. Always call maintenance at once if the stool tank continues to run. This could result in a high water bill. **Unique Homes is not responsible for high water bills.**

Cleaners:

Soft Scrub or 409 cleanser may be used on painted walls to remove scuffmarks or fingerprints. Do NOT use scouring pads or anything that will remove/scratch the paint.

Carpets:

Wipe up carpets spills immediately with a clean cloth soaked in cold water. A mild soap, such as Dawn, may be used, then rinsed again with cold water. When bleach or cleaners with bleach in them are kept in the house, be sure they do not drip onto carpets, as they will remove the color from the carpet fibers.

Furnace/Water Heater:

Keep furnace/water heater area clean and free from dust buildup. Do not use your furnace/hot water heater closet for storage. If items are found, they will be removed and you could be charged. NEVER store combustibles in this area. Check furnace filter every month to see if it needs replaced. In the event your filter needs replaced, call our office. This helps to keep the unit running properly. **When using the furnace, it is important to keep the temperature at a setting of 60 degrees Fahrenheit or above, even if the unit is inhabited!** Utility cutoff from a tenant's apartment is a HAZARDOUS ACT and will as per your lease be tenant's responsibility to pay for any damages that result from utility service being disconnected for any reason, this includes turning off the furnace during any period of time in which apartment is inhabited such as Holiday breaks.

Sinks:

Never pour grease down sink drains or allow food to be flushed down sinks. When draining dishwasher out of the sink, leave the drain plug somewhat in place to prevent food particles from going down the drain and plugging the drain.

Miscellaneous:

DO NOT allow food or trash to sit out. This attracts bugs and mice. Keeping bug spray and using it under the sink and around the windowsills can help.
